

# Avoid Substitutes!

An honest dealer will sell an honest remedy when it is called for by a customer, will use honest drugs in filling prescriptions, and can be safely trusted as a family doctor.

A dishonest dealer, who tries to sell a customer a cheap substitute of his own when a standard remedy is asked for, will not hesitate to use impure and injurious drugs.

We caution our patrons to guard against cheap, so-called cough medicine that is offered at a low price by dealers. Insist on getting the OLD RELIABLE

## Mrs. Laura S. Webb,

Vice-President of Women's Democratic Clubs of Northern Ohio.

HERE ARE MANY sickly women between the ages of 45 and 55, but there are very few invalids over 55 and 60 years of age. The change of life coming to a woman near her forty-fourth year, either makes her an invalid or gives her a new lease on life. Those who meet this change in ill health seldom live ten years afterward, while a woman who lays aside the active duties of womanhood in health seldom fails to live on in happiness, years after she has passed 60. This is truly a critical time.

Mrs. Laura S. Webb, of Toledo, Ohio, recognizes the change of life as a dangerous period and she also has faith in Wine of Cardui. She writes:

"As I had always been troubled more or less at the menstrual period, I dreaded

**Origin of the Turban.**  
The origin of the turban must be looked for not, as commonly believed, among Moslems, but as a sign of authority and honor dating back to the earliest periods of Jewish history. The turban used in the Hebrew Bible for putting on the bonnet of the high priest is from a root meaning "to bind round." The words miter, hood, diadem, as used in the Old Testament, are only variations of the word turban. Jerome tells us that the turban has a place in the most ancient records of history. The variations as adopted by Mohammedans are many. Their own authorities hint at a thousand methods of arranging the turban, which shows not only the tribe and religious distinction, but even the personal peculiarities of the wearer.

An old legend traces the turban to an act of desperate courage recorded of the ancient Levantines. A brave band of warriors said to have wrapped their winding sheets round their heads as they devoted themselves to certain death to save their comrades on the battlefield.

**The Gopher Snake.**  
It has long been a question in our minds as to how the gopher snake caught the gophers on which he lives, but H. C. Heitler told how it was done, having witnessed a catch. Mr. Snake coiled his tail over the gopher hole, setting a snare for him. When the gopher had crawled out of the hole sufficiently to permit the snake's tail to be drawn about the body of the gopher the coil was fastened about Mr. Gopher as quick as a flash.

It was gradually drawn tighter and tighter until the gopher fell over dead, the life having been completely squeezed out of him. After the gopher is dead the snake swallows him whole, and it is not an unusual thing to find one of these snakes with a number of gophers in him. The gopher is a great fighter, and if he was not caught in a snare as the one mentioned he would doubtless make a hard fight for life even with a snake.—Tulare Advance.

**A Remarkable Case.**  
One of the most remarkable cases of a cold, deep-seated on the lungs, causing pneumonia is that of Mrs. Gertrude E. Fenner, Marion, Ind., who was entirely cured by the use of One Minute Cough Cure. She says: "The coughing and straining so weakened me that I ran down in weight from 148 to 122 pounds. I tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength." Sold by all druggists.

# We Will Buy

A 50c. Bottle of Liquezone and Give it to You to Try.

Liquezone—liquid oxygen—is the only product that can kill germs in the body without killing you. No man knows any other way to destroy the cause of any germ disease.

It is new to America, and millions who need it don't know of it. For that reason we make this remarkable offer. We will buy the first bottle and give it to you if you need it. We will do it willingly, gladly, to convince you at once and forever that Liquezone does kill germs.

**We Paid \$100,000** for the rights to Liquezone for the United States. We tested this product for years in the most difficult germ diseases; then we bought these rights for the highest price ever paid for a scientific discovery.

We paid that price because Liquezone does what all the skill in the world cannot do without it. Any drug that kills germs is a poison to you and it cannot be taken internally. The best physicians, the world over, employ Liquezone alone for germ troubles; and any physician who doesn't is almost helpless in any germ disease.

**Just Oxygen.**  
Liquezone is simply liquid oxygen—no drugs, no alcohol in it. It is the discovery of Pauli, the great German chemist, who spent 20 years on it. His object was to get such an excess of oxygen in staple

form into the blood that no germ could live in any membrane or tissue. Liquezone does that. The results are so certain that we publish on every bottle an offer of \$1,000 for a germ that it cannot kill. Yet oxygen is Nature's greatest tonic—the very source of your vitality. Its effects are exhilarating, purifying, vitalizing. But germs are vegetables; and this excess of oxygen—the very life of an animal—is deadly to vegetable matter. We spend 14 days in making each bottle of Liquezone, and the result is liquid oxygen—the best thing in the world for you, yet certain destruction to disease germs, wherever the Liquezone-laden blood goes.

**Germ Diseases.**  
These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Liquezone kills the germs, wherever they are, and the results are inevitable. By destroying the cause of the trouble, it invariably ends the disease, and forever.
